Cats Games

Summary

Cute drabble and crossover. It fits the manga, the anime and the live-action Sailor Moon.
My name is Artemis. I'm out for a walk with Luna when a male orange tabby cat comes up to me to sniff me.

- A translation of Jeux des chats by MiaQc

My name is Artemis. I'm out for a walk with Luna when a male orange tabby cat comes up to me to sniff me. Luna knows this cat. She's met him before. The orange cat, having finished smelling me, purrs and rubs his head against mine.

"Awwww!" Luna says. "He likes you."

"I can see that." I say, while rubbing my head over the orange cat's.

After this rubbing, the orange tabby cat meows and more cats arrive. After this rubbing, the orange tabby cat meows and more cats arrive. A male orange-and-white cat, a female calico cat and a female black cat. Orange cat’s friends. The three cats sniff Luna and me, then meow at each other.

"Well, what a gathering, eh?" Luna asks, winking at me.

"Yes, but we need to go."

Luna and I move forward, but the cats follow us. We start running. The orange cat and his friends are coming after us.

"Seriously?!" Luna said, frustrated.

The orange tabby cat catches up with Luna and gives her a gentle pawing on the head.

"HEY!"

"Ha ha, he wants to play with you!" I reply to Luna.

"I'm not a kitten anymore!"

"So what? It's fun."

The orange and white cat, the calico cat and the black cat also caught up with us. I'm going to give the calico cat a soft pawing. She hisses at me.

"Oh, okay... Sorry." I said, embarrassed.

The black cat, however, wants to play with me. We give each other light paws. The orange and white cat goes to play with the orange tabby cat, which frees Luna from his light pawing.

"Artemis. Come. Let's go home."

"Just a minute!" I said, wanting to say goodbye to the black cat.

After giving her a meow, I join Luna and we go back to where we live. Luna at Usagi's. Me at Minako's.
